## Perceptive TransForm

Perceptive TransForm is an electronic forms management suite compatible with ImageNow version 6.5.x to 6.7.x, and Perceptive Content 7.x, that enables the rapid design and publishing of e-forms that retain the structure of paper versions. These e-forms allow users in any location to securely capture forms data and share it with people, business systems, and the ECM/EDM application—removing paper, reducing turnaround time, and speeding processes across the enterprise.

All industries and departments can use Perceptive TransForm to eliminate the delays and physical limitations of document-driven processes, and replace them with secure, collaborative, paperless ones. Perceptive TransForm e-forms have the same look and feel as paper documents, enabling all users to get up and running quickly. And the standardization provided by Perceptive TransForm ensures data consistency and accuracy, eliminates the guesswork in processing government-regulated forms and makes it easier to demonstrate compliance with federal, state and industry compliance mandates.

Perceptive TransForm components—Designer, E-Forms Manager, iFiller, and Filler—work together seamlessly, empowering you to perform the following tasks:

- Design and create electronic versions of paper forms.
- Publish and manage the forms securely.
- Complete forms online or offline and submit them anytime.
- Distribute forms and notify others as part of any process.
- Output forms and share data with other systems.

### TransForm Designer

Perceptive TransForm Designer version 8.x enables users to rapidly design, create and publish e-forms. For existing paper-based or electronic forms, users can simply import PDFs and then drag and drop data field controls to enable the dynamic data collection capability.

Perceptive TransForm Designer is a desktop application that allows you to design e-forms that you can freely distribute across the internet and manage using E-Forms Manager. Designer needs to be installed in your organization in order to create and design e-forms. There is an installer specifically for TransForm Designer.

Specification	Description
<b>Hardware</b>	Intel Pentium / AMD equivalent. Dual-core processor recommended.
<b>Monitor</b>	VGA+ monitor or better. 1280 x * or higher resolution recommended.
<b>Operating Systems</b>	Microsoft Windows XP, Microsoft Windows Vista, Microsoft Windows 7, Windows 8, Windows Server 2003, Windows Server 2008, Windows Server 2012
<b>Additional Software</b>	Microsoft .NET Framework, Version 4 SP1+
<b>Web Browser</b>	Chrome 10 or higher Firefox 10 or higher Internet Explorer 7 / Internet Explorer 8 / Internet Explorer 9 / Internet Explorer 10 Safari 4 / Safari 5

<b>Email Client</b>	A client that is capable of intelligent notifications is recommended.
<b>Memory</b>	64 MB of RAM minimum. 128 MB recommended.
<b>Disk Space</b>	20 MB Hard Drive Space minimum.

## TransForm E-Forms Manager Server

Perceptive TransForm E-Forms Manager version 8.x allows you to manage, publish and process electronic forms created in Perceptive TransForm Designer. As a server-based application, E-Forms Manager provides sophisticated tools and centralized management for security, authentication, workflow management, and database integration.

**Note** Do not install E-Forms Manager on a computer on which a TransForm iFiller server system is already installed and running as a Standalone installation. Doing so will damage the iFiller standalone installation.

### E-Forms Manager Server hardware

Specification	Description
<b>Physical/Virtual Hardware</b>	Common specifications for Enterprise and Test Deployments Intel / AMD equivalent Dual core (enterprise class) processor running at 2 GHZ+ recommended.
<b>Monitor</b>	1024 x 768 screen resolution. 1280 x * or higher resolution recommended.
<b>Memory</b>	2 GB or more of RAM
<b>Disk Space</b>	500 MB hard drive space. Internal forms database recommended.

### Enterprise deployments

Specification	Description
<b>Operating Systems</b>	Windows Server 2003 R2 SP2 (32-bit or 64-bit) Windows Server 2008 (32-bit or 64-bit) Windows Server 2012 (32-bit or 64-bit)
<b>Additional Software</b>	Microsoft .NET Framework, Version 3.5 SP1 or higher

## Local / Test / Development deployments

Specification	Description
<b>Operating Systems</b>	Windows XP Professional SP 3 (32-bit or 64-bit) Windows Vista SP3 (32-bit or 64-bit) Windows 7 (32-bit or 64-bit) Windows 8 (32-bit or 64-bit) Windows Server 2003 R2 SP2 (32-bit or 64-bit) Windows Server 2008 (32-bit or 64-bit) Windows Server 2012 (32-bit or 64-bit)
<b>Additional Software</b>	Microsoft .NET Framework, Version 3.5 SP1 or higher

## Client access via web browser

Specification	Description
<b>Windows environment</b>	<p><b>Operating Systems</b></p> Microsoft Windows XP, Microsoft Windows Vista, Microsoft Windows 7, Windows 8, Windows Server 2003, Windows Server 2008, Windows Server 2012
	<p><b>Web Browsers</b></p> Chrome 10 or higher Firefox 10 or higher Internet Explorer 7 / Internet Explorer 8 / Internet Explorer 9 / Internet Explorer 10 Safari 4 / Safari 5
<b>Mac OSX environment</b>	<p><b>Operating Systems</b></p> Mac OSX 10.4 or higher
	<p><b>Web Browsers</b></p> Chrome 10 or higher Firefox 10 or higher Safari 4 / Safari 5
<b>Linux environment</b>	<p><b>Operating Systems</b></p> Fedora 15 or higher Ubuntu 10 or higher
	<p><b>Web Browsers</b></p> Chrome 10 or higher Firefox 10 or higher

## TransForm Filler

Perceptive TransForm Filler version 8.x is a simple, intuitive desktop application that allows users to view, fill out, save, and print e-forms. Filler is required to view and fill out a registration form for a new installation and to view certain e-forms within E-Forms Manager, so Perceptive Software recommends installing Filler along with E-Forms Manager.

Filler is required to view and fill out a registration form for a new installation and to view certain e-forms within E-Forms Manager, so Perceptive Software recommends installing Filler along with E-Forms Manager.

Specification	Description
<b>Hardware</b>	Pentium 233 MHz processor or faster. 300 MHz is recommended.
<b>Memory</b>	64 MB of RAM minimum. 128 MB recommended.
<b>Monitor</b>	VGA+ monitor or better. 1280 x * or higher resolution recommended.
<b>Operating Systems</b>	Microsoft Windows XP, Microsoft Windows Vista, Microsoft Windows 7, Windows 8, Windows Server 2003, Windows Server 2008, Windows Server 2012
<b>Additional Software</b>	Microsoft .NET Framework, Version 4 SP1+
<b>Web Browser</b>	Chrome 10 or higher Firefox 10 or higher Internet Explorer 7 / Internet Explorer 8 / Internet Explorer 9 / Internet Explorer 10 Safari 4 / Safari 5
<b>Email Client</b>	A client that is capable of intelligent notifications is recommended.

## TransForm iFiller

Perceptive Transform iFiller version 8.x is a web-based tool that enables users to retrieve, complete, submit and digitally sign e-forms directly from their browser. Forms just need to be designed once, and then render the same for every operating system and browser. iFiller extends the convenience, speed and security of electronic forms to authorized users across your organization.

### E-Forms Manager Server hardware

Specification	Description
<b>Physical/Virtual Hardware</b>	Common specifications for Enterprise and Test Deployments Intel Pentium 4, 2GHz Dual core (enterprise class) processor running at 2 GHZ+ recommended.
<b>Operating Systems</b>	Windows Server 2003 R2 SP2 (32-bit or 64-bit) Windows Server 2008 (32-bit or 64-bit) Windows Server 2012 (32-bit or 64-bit)

Specification	Description
<b>Monitor</b>	1024 x 768 screen resolution. 1280 x * or higher resolution recommended.
<b>Memory</b>	1 GB or more of RAM
<b>Disk Space</b>	500 MB hard drive space.

## Enterprise deployments

Specification	Description
<b>Operating Systems</b>	Windows Server 2003 R2 SP2 (32-bit or 64-bit) Windows Server 2008 (32-bit or 64-bit) Windows Server 2012 (32-bit or 64-bit)
<b>Additional Software</b>	Microsoft .NET Framework, Version 3.5 SP1 or higher

## Local / Test / Development deployments

Specification	Description
<b>Operating Systems</b>	Windows XP Professional SP 3 (32-bit / 64-bit) Windows Vista SP3 (32-bit or 64-bit) Windows 7 (32-bit or 64-bit) Windows 8 (32-bit or 64-bit) Windows Server 2003 R2 SP2 (32-bit or 64-bit) Windows Server 2008 (32-bit or 64-bit) Windows Server 2012 (32-bit or 64-bit)
<b>Additional Software</b>	Microsoft .NET Framework, Version 3.5 SP1 or higher

## Client access via web browser

**Note** While TransForm is supported in the following browsers, accessing a form with iFiller using a device running the Android OS may present some issues with certain devices.

Specification	Description
<b>Monitor</b>	1024 x 768 screen resolution. 1280 x * or higher resolution recommended.

Specification	Description
<b>Windows environment</b>	<p><b>Operating Systems</b></p> <p>Microsoft Windows XP</p> <p>Microsoft Windows Vista</p> <p>Microsoft Windows 7</p> <p>Windows 8</p> <p>Windows Server 2003</p> <p>Windows Server 2008</p> <p>Windows Server 2012</p>
	<p><b>Web Browsers</b></p> <p>Chrome 10 or higher</p> <p>Firefox 10 or higher</p> <p>Internet Explorer 7 / Internet Explorer 8 / Internet Explorer 9 / Internet Explorer 10</p> <p>Safari 4 / Safari 5</p>
